Art Unit: 3727

Claims 1-7,10,11,13,14,19,20 are finally rejected as set forth in the Office Action dated 08/07/03.

Applicant's arguments filed 11/07/03 have been fully considered but they are not persuasive.

The terminal disclaimer filed 11/07/03 is not acceptable because the person signed the T.D. is not an attorney of record.

Both Richardson and Markle may not show applicant's disclosed invention, but they are deemed showing the claimed invention i.e. the passage having end portion and a slot on a side of the end portion.

No criticality is found in the claimed sizes and shapes, therefore, it would have been obvious to one having ordinary skill in the art to make the containers of Richardson and Markle out any desired dimensions and shape for any desired result.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for response to this final action is set to expire THREE MONTHS from the date of this action. In the event a first response is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for response expire later than SIX MONTHS from the date of this final action.
